

# MAURISH KAUSHIK

New Delhi, India | +91 76691 70243 | [maurishpandat@gmail.com](mailto:maurishpandat@gmail.com) | [LinkedIn](#) | [GitHub](#)

Product professional focused on scaling workflows, clarifying ambiguous problems, and turning user and business signals into shippable improvements.

## EXPERIENCE

PRODUCT MANAGEMENT ASSOCIATE — SaaS LABS

SaaS · Workflows · Usability

Current

- Analyzed user workflows and product metrics to identify friction and drive data-backed usability improvements.
- Converted unclear requirements into actionable plans and collaborated with internal cross-functional teams to deliver iterative product improvements.

PRODUCT MANAGEMENT INTERN — TRYKIYA

AI · Automation · Roadmaps

Previous

- Conceptualized and launched AI-driven automation features that reduced manual task execution time by 30%.
- Defined a roadmap for scalable module integration and aligned teams around seamless data flow.

## SELECTED PROJECTS

FINANCIAL ASSISTANT SYSTEM

Scoped an AI decision-support workflow across income, expenses, debt, savings, and assets to produce explainable financial guidance.
