EDUCATION

GALGOTIAS COLLEGE OF ENGINEERING & TECHNOLOGY (AKTU)

Bachelor of Technology

Greater Noida, Uttar Pradesh

Nov 2022 - July 2026

Major: Computer Science Engineering **CGPA-** 7.9

Relevant Coursework: Software Engineering, Computer Architecture, Operating Systems, Algorithms, Object-Oriented Programming (OOP), Databases, Compiler Design, Computer Networks

ST. GEORGE'S SCHOOL

Intermediate: Science Stream with Computer science; **Percentage:** 91.8

Alaknanda, New Delhi

Apr 2021 - Jun 2022

EXPERIENCE

PRODUCT MANAGEMENT ASSOCIATE - SaaS Labs

- Analyzed user workflows and metrics to identify friction points and drive data-backed usability improvements.
- Converted unclear requirements into actionable tasks, delivering iterative solutions and features cross-functionally.

PRODUCT MANAGEMENT INTERN – Siyu

- Conceptualized and launched AI-driven automation features reducing manual task execution time by 30%.
- Defined the product roadmap for scalable module integration, aligning multiple teams to ensure seamless data flow.

PROJECTS

FINANCIAL ASSISTANT SYSTEM

Sep 2024

- Engineered predictive algorithms using AI for in-depth financial analysis, encompassing income, expenses, debts, assets.
- Delivered tailored investment recommendations and prudent investment guidelines based on comprehensive financial insights.

DEVSYNC – REAL-TIME COLLABORATIVE CODE EDITOR

June 2025

- Developed a real-time collaborative code editor with an intuitive UI using React and Spring Boot, enabling multi-user live editing.
- Integrated WebSocket, Redis, and PostgreSQL for seamless sync, and containerized the application for efficient user experience.

BHARAT RETAIL FLOW

Nov 2023

- Built AI-powered features including demand forecasting, expiry alerts, dynamic pricing, and sales analytics to drive efficiency.
- Implemented smart inventory, route optimization, and credit risk tools to improve end-to-end logistics and lending.

SKILLS

Technical Skills: Figma, Jira, Mixpanel, CATIA, Whimsical, Python, HTML, CSS, JavaScript, SQL, MS Office, MS Excel, Power BI, Google Analytics, Git, Machine Learning, AI, LLMs.

Soft Skills & Personality: Leadership, Active Listening, Multitasker, Communication skills, Problem solving, Time management, Fast learner, Adaptability, Conflict resolution

SOCIETIES / EXTRACURRICULAR

GDSC-GCET (Google Developer Students Club) - Executive

- Mentored club members through complex programming challenges, organized seminars and sessions for skill development. Guided 50+ members in solving competitive programming problems and real-life tech scenarios

EXTREME CSE CLUB – Technical, Management and Marketing

- Led technical auditions for over 250 candidates, upholding rigorous standards for club membership selection. Organized hackathons, seminars, and sessions for 500+ participants, boosting collaboration and technical growth among members.

ADDITIONAL

Certifications:

- Google Cloud Study Jam Arcade([Introduction to Generative AI](#); [Perform ML & AI tasks](#))
- [IBM AI Fundamentals](#) (SkillsBuild) , SQL (Oracle)
- [Python](#) , [SQL](#), [Javascript](#), [CSS](#), [Java](#) (HackerRank)

Achievements:

- Semi-finalist in Smart India Hackathon (SIH) and finalist in multiple national-level hackathons.
- Ranked among Top 5 teams in 10+ national hackathons for delivering AI/ML-driven, user-centric product MVPs.
